3. The candidate's height will be measured as follows.—He will be placed against the standard with his feet together, and the weight thrown on the heels and set on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the spine will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be measured in inches and parts of an inch as required.

4. The candidate's chest will be measured as follows.—He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be an adjusted round the chest that its upper edge involves the inferior angles of the shoulder-blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered in hanging loosely by the sides, and down will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep (expiratory) breath, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded in inches $\frac{1}{2}$, $\frac{3}{4}$, etc.

In weighing the measurements, fractions of less than half an inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The examination for determining the existence of vision includes two tests—one for distant, the other for near vision. The Army Test Types will be used for the test for distant vision, without glasses, at a distance of 20 feet, and for the test for near vision, without glasses, at any distance selected by the candidate. The standards of the minimum standards of vision with which a candidate will be considered fit are as follows:—

STANDARD I.

Right eye. Left eye.
Distant vision.—V = 6/6. V = 6/6.
Near vision.—Reads 9, 8. Reads 9, 8.

STANDARD II.

Right eye. Left eye.
Distant vision.—V = 6/6. V without glasses = not below 6/6; and after correction with glasses = not below 6/6.
Near vision.—Reads 9, 8. Reads 1.

STANDARD III.

Right eye. Left eye.
Distant vision.—V, with glasses = not below 6/6; and after correction with glasses = not below 6/6.
Near vision.—Reads 9, 8. Reads 1.

Each eye must have a full field of vision as tested by hand movements.

Ignorance of any marked condition of the eyes as of the field of vision is liable to the risk of aggravation or recurrence will cause the rejection of the candidate.

Each eye will be examined separately, and the lids must be kept wide open during the test.

Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

The degree of acuteness of vision of all candidates for commission will be entered in the proceedings in the following manner:—

V.R. = ... with glasses = ... Reads ...

V.L. = ... with glasses = ... Reads ...

No reference of the standard of vision will be allowed.

7. The following additional points will then be observed:—

(a) That his hearing is good and there is no sign of ear disease;

(b) That his speech is without impediment;

(c) That his teeth are in good order. His mouth has no sound tooth in the upper jaw *forwardly* exposed to the mouth; teeth in the lower jaw. Two of these teeth in each jaw must be sound. Well-filled teeth will be considered as sound;

(d) That his chest is well formed and that his lungs and heart are sound;

(j) That he does not suffer from any locomotor disease.

(k) That he has no congenital malformation or defect;

(l) That he does not bear traces of previous acute or chronic disease pointing to an impaired constitution.

8. Every candidate is defined as follows:—

(a) When the case of vision is so good that it brings down to level of the test the candidate stands up;

(b) When the case is brought to such an extent that the test is brought at a level above the test; the test is brought at a level above the test; the test is brought at a level above the test;

(c) When the case is brought to such an extent that the test is brought at a level above the test; the test is brought at a level above the test; the test is brought at a level above the test;

1. Constitution of the fund.—A provident fund for the benefit of teachers in non-procurable service shall be instituted by Government. All contributions to the fund shall be made by means of deposits in Post Office Savings Bank.

Notes.—The scheme came into force on 1st April 1933.

2. Certificated teachers, payable, messahis, instructors, librarians and clerks who are drawing less than Rs. 20 per mensem are given the option of subscribing to the fund. Teachers and other employees mentioned above who have been holding, at any time, a post, officiating or temporary post, for a period of at least three years, those holding posts for three months' certificate and uncertificated teachers in receipt of a salary of Rs. 10 per mensem and over are also given the option of joining the fund. No one shall be admitted to the fund who is less than 25 years of age. The amount of every subscriber to the fund shall be at least one rupee at the age of sixty.

The scheme shall also be compulsory on the employees mentioned above, who are part-time workers in two or more of the above-mentioned institutions, and whose total emoluments therefrom are not less than Rs. 20 a month. If, however, the total emoluments of the part-time employee are less than Rs. 20 a month he will be given the option of subscribing to the fund.

Such teachers of the Government and aided institutions which are mentioned or affiliated colleges of the university may also be admitted.

Form 1.—Teachers in Colleges which under private management recognised by the Department of Public Instruction are given the option of joining to the fund.

(b) The following classes of employees are exempted from the operation of the scheme:—

(iii) Certificated teachers employed as teacher-managers of schools.

(iv) Teachers who belong to a religious order which imposes vows of poverty on its members.

Employees under schemes (i) and (ii) and persons who have been ordained to the Christian Ministry other than those referred to in rule 2 (i) (iv) are given the option of joining the scheme.

(c) District Educational Officers (Inspectors of girls' schools in the case of girls' schools) shall be competent to admit institutions and employees to the benefit of the fund. They shall call on all employees whose joining the fund is compulsory to submit to them an application in the form prescribed in Appendix A through the manager or superintendent of their school. They shall issue to each employee who is eligible to join the fund two certificates signed by them, one to the effect that he or she is eligible to join the fund and another to the following effect:—

"On

his retirement or withdrawal from the fund for reasonable cause the amount at his or her credit will, subject to the conditions laid down in these rules, be increased by a grant from the Government equivalent to one-third of the amount."

Such certificates shall be attached to the Savings Bank Pass Book to be issued on behalf of the subscribers as laid down in rule 6 (a). District Educational Officers and Inspectors of girls' schools shall maintain a card index giving copies in the form prescribed in Appendix B showing the names of the subscribers who have been permitted to join the fund and for whom certificates have been issued by them.

(d) Managers of private schools, which have provident funds of their own, may apply to the Director to have their provident funds merged in the Government provident fund and the Director may receive such applications. The managers shall thereupon wind up their funds and deposit in the Post Office Savings Bank the amount standing to the credit of each subscriber. Such amounts shall be paid to the subscribers, together with the interest earned, when they withdraw from the Government fund.

3. *Proportion of contribution to be paid.*—The contribution to the fund shall be a percentage of 6½ on the per. No contribution shall be demanded so long as a member is a subscriber's pay. Contribution shall be reckoned on the basis of the pay of the subscriber if he takes a permanent or temporary post and on the actual pay drawn if he holds only an officiating post. When a subscriber is temporarily on reduced pay on account of absence on leave as for other causes, his contribution as well as that of the management shall be reckoned on the amount of such reduced pay actually paid to him. It shall also be open to the subscriber to cover from making payments during such periods of absence. Voluntary contributions in excess of the regular amount shall not be admissible.

4. *Contribution by the management of the school and by Government.*—(a) Both the management and the Government shall contribute. The management, except when a certificated teacher holds the post of manager of a school, shall contribute an amount equal to half the contribution of the subscriber, which shall be paid into the subscriber's account along with his own deposit every month. In the case of teacher-managers, the pay of the teacher-manager shall, for the purpose of contribution to the fund, be fixed by the District Educational Officer (Inspector in the case of girls' schools) not just in service, if necessary, by the Director of Public Instruction, according to the current market rate of pay paid to a teacher of similar qualifications engaged in similar work and the teacher-manager, if he elects to join the fund, shall make his contribution to the fund on this account.

In the case of part-time workers referred to in rule 2 (a), the teacher's and manager's contributions shall be reckoned with reference to the total emoluments of the teacher. One of the managers employing the part-time worker shall remain himself responsible for meeting the teacher's and manager's subscriptions in their entirety and ensuring the full amount into the Post Office Savings Bank. He shall also maintain all the registers prescribed in rule 7, and for the purpose of the scheme he shall act as the manager or correspondent in respect of the part-time employee.

In the case of persons who have been ordained to the Christian Ministry other than those referred to in rule 2 (b) (iv) and who draw a consolidated pay for mission and teaching work, the pay shall, for purposes of contribution to the fund, be fixed by the Director of Public Instruction in the manner prescribed for teacher-managers.

(b) The contribution of Government shall take the form of a single lump payment at the time the subscriber joins or for other assigned amounts withdrawn his deposit, payment is made of the amount standing at his credit. In the case of private provident funds, however, which may be merged in the Government fund, the Government contribution will be calculated only on that portion of the amount to the credit of the subscriber which represents his deposits and the management's contribution and the interest thereon after such merging. If any advances from the fund have been withdrawn, the amount of any balance still outstanding shall be added to the total amount at his credit for purposes of calculating the Government contribution.

5. *Control of the fund.*—(a) The control of the fund shall rest with the District Educational Officer of the district (Inspector in the case of girls' schools).

(b) If the manager of a school allows his own contribution or that of a subscriber employed by him who has joined the fund to fall into arrears without reasonable cause, the recognition of the school may be withdrawn on the report of the District Educational Officer by the Director of Public Instruction, if the school concerned be a secondary school and by the District Educational Council, if the school concerned be a secondary school.

(c) No withdrawal of any part of the deposits or the payment of any Government contribution shall be allowed without negotiation with the management and the sanction of the District Educational Officer.

(d) Every subscriber should, on joining the fund, be required to sign a certificate in token of acceptance of the rules.

(a) The post office shall open individual accounts for all the contributors to the provident fund. The manager or correspondent of the school shall arrange to have contributions to the fund due from the subscribers deducted from their salaries when they are disbursed each month and shall remit these, together with the management's contribution, to the particular post office at which the accounts stand open, accompanied by

The manager or correspondent of the school shall, after receiving the amount from the post office, distribute it to the subscriber concerned on appropriate rolls which should be filed in the school in the case of temporary withdrawals (and not checked by the inspecting officers during their visits) and submitted to the Assistant-Inspector's office through the District Educational Officer in the form of final orders. In cases where the District Educational Officer decides that a depositor who has applied for permission to withdraw from the fund is entitled only to his own contributions with interest, he shall issue a certificate accordingly and instruct the postmaster to pay the manager or correspondent of the school the balance due to the depositor and the postmaster shall, on receipt of an application for withdrawal signed by the depositor and endorsed in favour of the school clerk or person or other person proposed by the manager or correspondent of the school, pay the latter on behalf of the depositor the full amount standing to his credit. The manager or correspondent shall, after receiving the amount, pay the subscriber the amount due to him and arrange for the payment of the balance to the management or management's concern. If any balance of advance given by the depositor remains unpaid at the time of closure of his account it shall be held in a separate account in the name of the depositor. All applications to the postmaster to close the account must be supported by the District Educational Officer's order in original which should specify the actual amount allowed to be withdrawn, the portion of it to be given to the depositor and the portion, if any, to be paid back to the management or management's concern. District Educational Officers shall maintain a register in the form prescribed in Appendix D of closures of accounts maintained by them.

(c) The pass books issued by post offices on behalf of depositors shall be in the custody of the manager or correspondent of the school. Every depositor should, once in the official year, be permitted to look into his account, satisfy himself as to its correctness and sign a certificate in token of his satisfaction of it. The certificates obtained under this rule should be forwarded to the District Educational Officer for check and record in his office.

The prescribed form should be used in both cases.

(iii) The District Educational Officer (or the Inspector), will then satisfy himself that the deposit of the subscriber is sufficient to meet the cost of the certificates and, when satisfied, will countersign the two applications and forward them together with the pass book to the Postmaster concerned for issue of the certificates to the District Educational Officer or Inspector concerned.

Cases in which the latter share would not be passed would be those where a subscriber is incapacitated by his own fault;

(c) if a subscriber is dismissed or removed from service, the portion of the deposit which is made up of the contributions of the employee and the interest thereon and the Government contribution may be withheld at the discretion of the District Educational Officer of the district after consultation with the management, but such a subscriber shall receive his own deposit with interest thereon; and
